

SUMMER 2024 REGISTRATION DATES FOR COLLEGE OF MANAGEMENT COURSES

MANAGEMENT MAJORS &
INFORMATION TECHNOLOGY MAJORS (in CM and CSM)

MARCH 4, 2024

STUDENTS IN A PARTNER PROGRAM, NON-COLLEGE OF
MANAGEMENT STUDENTS & NON- DEGREE STUDENTS

APRIL 29 for all CM Summer Courses
(Summer session 1 & Summer session 2)

Please note that the University made a decision to close summer registration
between May 10 – June 3, 2024.

When registration opens again on June 3, it will be after the last day to add a course for summer session one. If you are planning, or even just thinking about taking a CM course in summer session one, you must be enrolled by May 10, 2024. You will be able to drop the course before the end of the add/drop period of summer session one with no fee – but will not be able to be added after May 10. Please use the form linked below anytime you cannot self-enroll in a CM course. While we won't be able to add you to a summer one course after May 10, it will help us assess the needs of our students.
